

# CONNECT PLUS

## Early Childhood

## ABOUT

The Connect Plus Early Childhood program is a therapeutic program for children aged 2-5 years old.

Using a 1:1 and 2:1 staffing model, students will focus on building relationships and socialization, as well as strengthening communication. Students will receive individualized treatment plans developed for a group setting to help actualize their potential.

Each class will be led by a Board Certified Behavior Analyst and supported by behavior technicians and instructional assistants.

# NEW

### For Children Turning 2 - 5

Weekdays | 8:00 AM - 4:00 PM  
Connect Plus Center  
1 Alison Dr., Cherry Hill, NJ 08003

856-827-7639  
wendy@connectplustherapy.com

**Available on Request**  
Transportation | Before/After Care  
Half-Day

## OUR APPROACH

Play with a purpose! The parent and therapist help improve communication, cognitive, social, and self help through play and joint activities. Therapists and parents will learn how to turn everyday activities into joint activities that help improve all milestones.

- Small Class Ratio
- 1:1 or 2:1 Staffing (student to teacher)
- Formal Partnership with Drexel University's Autism Institute
- Individualized Treatment Plans
- Highly Skilled, Caring Staff
- Oversight by a BCBA & Clinical Team
- Structured Parent Training Sessions
